THE BELASCO.

"The King of Cadonia."

The English musical comedy, "The King the Belasco Theater last night before a "Detective Sparkes," at the National last large audience. It must be confessed, night, and the audience seemed much the habit of sending us.

"The King of Cadonia" is good only in prease in the least, and, activate spots. It has, however, the signs of sufficient merit to make its ultimate suctions last evening was reminiscent of able mixture of comedy and song, the "The King of Cadonia" is good only in judged by last night's performance. For free from those annoying hitches which were evident in the last musical comedy

produced at the Belasco.
Sidney Jones, composer of "The Gelsha," is responsible for the music of "The King of Cadonia," and there is very little that is distinctive about the score, still less is there of that quality likely to prove popular. One or two numbers should be eliminated altogether as being neither entertaining as to lyrics or catchy songs caught on pretty well, due perhans as much to the knack of the lyricist, Adrian Ross, and to the singers as to the

The book, which is by Frederick Lons. dale, tells a story laid in one of those mythical European monarchies which are always cropping up as the locale of either a comic opera or a "six best seller." Alexis, King of Cadonia, is not minded to sit on a throne which has the record of half a dozen occupants in her, she concocts another story further luctant for kingly honors. The throne goes begging throughout the play, which is in two acts. The story pursues the fortunes of the king in his bringing his anarchistic friends around to a calmer and less bloodthirsty frame of mind, and furthermore places the pseudo-king in a fumber of precarious situations. In the end the king gets his princess and establishes his throne on a firmer basis, in approved comic opera ending.

The differential which the unit of the hotel without their discovering who she is. But, in so doing, she throws suspicion upon herself and is accused of the theft of the miniatures and a brooch—the duplicate of the one found in the balloon. But everything comes of a Thief," by Ramsay Morris, plainly

dance of material, some of which should be speedily cut out. The pruning process on a musical comedy hardly ever begins until after the initial performance and it is likely that the producers have profited by observation as to what last night's audience seemed to like best, and will act

William Norris, as the Duke of Alasia, so adverse to this as at the beginning comedy point, and in fact interpolated happy and the curtain falls on the some fun that was never in the author's tery." book, when a bat from the wings escaped into the auditorium and created a caped into the caped i

diversion by circling overhead.

Mr. Norris has had experience in the ing. Ler work was excellent throughout fegitimate drama, as well as having the play, and especially so in the scene served several terms in musical comedy. In the second act with Coloridge, where His admirers like to see him and will she practices all her arts upon him to always welcome him as one who makes absolutely the most of his material, but talent like his is not so common that we her art most apparent, and quite won can afford to waste in on matter such as this. That everything else than what he took part in seemed inferior in quality may be attributed more to his brilliant ability than to the absolute unworthiness
